Subject: RE: [External] Electrical Grid Drawing - Booth 49 & 50 - 2023 NFSA Annual Seminar | May 3 – 5, 2023 | JW Marriott | Austin, TX

We have received your layout.

Please be aware that we do not have authority over Viper and the order in which they will be setting the room.

At this point, we cannot confirm when the floor work will be complete for an event in May.

Thank you.

Subject: [External] Electrical Grid Drawing - Booth 49 & 50 - 2023 NFSA Annual Seminar | May 3 – 5, 2023 | JW Marriott | Austin, TX

Hello,

We are the third party ordering electrical services for our client, Reliable Automatic Sprinkler Company. They will be exhibiting at the NFSA show in booths 49&50. We just ordered the electrical and have attached our grid drawing to show you where the services need to be placed. Our plan is to have the floor work all completed before Viper lays the carpet and padding down. At your earliest convenience, please review our order and compare it with the attached electrical grid drawing. Then, call us with any questions or confirm what time you will have the floor work done.

In addition, we understand there may be an additional charge for electrical labor to lay the cords. Please advise on this cost.

We look forward to working with you.
