I will make note of this. While we try our best to keep track of requests like this, our staff is sometimes on “autopilot” when setting up booths, so if you see any of the booth package items in your booth and you do not want them, just put them in the aisle in front of your booth and we will remove.

Hi Jennifer,

We are going through the show book and see that each 10x10 exhibit space in the exhibit hall comes with a skirted table and two folding chairs. We will not have room for these in our booth. Will you please plan to NOT have them placed in our booth space. Please advise if we need to send this note to anyone else within Viper or the show to ensure the table and chairs aren't there when we set-up. Thank you!
