**SPECIAL INSTRUCTIONS:**

Please note 4 hour minimum applies.

Genie Lift required half day.

In addition, we will have LED strip lighting that should clip on the booth. Shown below. For the client products, we will need to order inbooth forklift help.

This is a Nimlok extrusion frame with SEG graphics, truss, rope lighting, backlighting, a touchscreen monitor, a custom chandelier, and several client products. In addition to the client products you see below, there will be one additional one holding sprinklers.

We will order carpet from Freeman and will have a grid completed for the electrical. However, please note that we will have "edge lighting" (see attached drawing). This will be put on after the booth is all up and will take some time to fit it within the channel. Please review all attachments and let me know what additional questions you may have for us.
