Good Morning Katie,

Thank you for the updated floor plan. I just sent the receipt and updated the order to include the 2 requested power strips on the floor plan. The floor work will be completed before carpet is down and should be ready for when you arrive to move-in.

As a reminder, we only charge for actual labor and material used on site and will update your invoice at the beginning of the show. If you need anything on site you can visit our service desk and we will be glad to help.

If you have any other questions please let me know and have a wonderful day.

Hi Andrew,

Please find our revised electrical plan with the main drop noted as a triangle. At your earliest convenience, please confirm safe receipt.

Good Morning Katie,

For the power strips and extension cords we only charge for actual labor and material used so we update the invoice at the start of show with materials used. I do see that you have two marked on the floor plan so I can add those manually to the order. If you need any additional power strips you can visit the service desk and we can hand them to you. The floor work will be done before they lay the carpet down.

The only thing I am missing on the floor plan is where you would like the main drop to be located. Just let me know where you would like that and I can get that updated for you.

**Subject:** Floor Work - Electrical Labor and Floor Work Quote Requested - booth 611 - NFPA show in June

Hi Andrew,

We ordered our electrical that is on the on-line form today to match your note below for booth 611 on behalf of Reliable Automatic Sprinkler Co Inc. However, there isn't an area for us to order the power strips, extension cords or tape. I am assuming this is something that will be billed at actual and used as needed and doesn't need to be on the order?

Also, where do we submit the electrical drawing for your electricians? Since we forwarded it to you for estimating, do you file it with the project so your team has it?

We are setting up the booth on June 17<sup>th</sup> so the floor work would need to be completed prior to then.

Thank you for your help with the below quote. It helps on our end for budgeting purposes. Have a wonderful weekend.

At your convenience, please confirm receipt of our electrical grid drawing and let us know if we are all set on the order.

Subject: RE: Floor Work - Electrical Labor and Floor Work Quote Requested

Good Morning Katie,

I can provide an estimate for you based on the floor plan. If you order early with the advanced pricing the estimate is as follows:

- 5-5A @ \$105 = \$525
- 5-10A @ \$182 = \$910
- 2 power strips @ \$25 = \$50
- 10 - 15' extension @ \$22 = \$220
- 2- Tape @ \$13.50 = \$27
- Labor of 4 hours of Straight time @ \$106 = \$424
- Labor of 2 hours dismantle of Straight time @ 106 = \$212

Total amount of the estimate is \$2,368. Keep in mind that is an estimate and only actual labor and material utilized onsite will be billed to your final invoice.

Let me know if you have only questions.

Subject: Floor Work - Electrical Labor and Floor Work Quote Requested

Hi Andrew,

Will you please provide us a formal quote for the floor work that includes the extension cords for the attached electrical grid. Please note the diagonal direction of the booth. We have included a photo of the booth below that goes with the attached electrical plan grid with the outlets needed.

**Subject:** RE: [External] Katrina Dana has requested assistance from Exhibitor Services

Good Afternoon Katrina,

The extension cords used will depend on where the outlets are located. Once we have the floor plan we will set everything up before the carpet is laid and update the invoice at the start of show as we only charge actuals for materials and labor used.

If you have any questions let me know.

**Subject:** [External] Katrina Dana has requested assistance from Exhibitor Services

A customer has requested assistance regarding Other for the NFPA Conference & Expo 2023 show.

The following are the relevant details provided by the customer:

**Person to contact:** Katrina Dana

**For exhibitor:** AMPM Inc.

**How to contact:** by E-Mail ([kdana@ampm.com](mailto:kdana@ampm.com))

**Question:**

We need to figure out how much the extension cords will be if we have drops located throughout the booth. I didn't see them on the order form. This would be concerning floor work needed for under the carpet electrical. Please advise.
