Hi Katie!  
So far everything looks good to go on this booth structure.  
If anything changes, please let me know.  
Thanks!

Hi Tara,

Please find a rendering attached of the new 20x20 booth for Reliable Automatic Fire Sprinkler Co. We also have included the elevation view noted below. Generally, we send a rendering to show approval for your records, but also to seek an approval response back noting we are within the guidelines (height, etc.). At your earliest convenience, please email us back your response that we are within the height guidelines.

On a side note, we are considering putting the display feet under the carpet for cosmetic reasons only. However, this is still up for discussion.

Thank you!
